

Entering Statement Dates and Value Codes in CHC Connect Center

Empower will be validating data via front-end claims edits. If the data submitted on the claim does not follow CMS guidelines, claims will reject and providers will need to resubmit with corrected data.

Statement date span must be equal to covered/non-covered days.

Enter Statement dates in box 6.

Value Codes are required for Arkansas Medicaid.

Enter Value Codes in box 39. Please place the appropriate value code in the “Code” Box and the corresponding number of days in the “Amount Box”

Covered days: value code 80

Non-covered days: value code 81

38. (Not Used)	39. Value Codes	40. Value Codes	41. Value Codes
	a. Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>
	b. Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>
	c. Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>
	d. Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>	Code: <input type="text"/> Amount: <input type="text"/>

Note: The total between the two value codes should equal the date span.
