RE: Early Intervention and Day Treatment (EIDT) Billing

EIDT Providers,

Effective February 28, 2019, DHS has temporarily lifted the edit that requires you to first bill private insurance before Medicaid/PASSE. The lift will be effective for any dates of service from August 1, 2018 to July 31, 2019; which dates back to the start of the EIDT program for the following codes:

Code	Modifier	Modifier
T1015	U6	UB
T1015	U6	UC
T1002	U6	
99367	UA	

For code T1023, U6, UC, please use the crosswalk code 96111 to bill private insurance companies.

Please note this is a temporary solution. DHS is working on getting the new codes in the EIDT Manual and turned on in MMIS that will allow you to properly bill private insurance appropriately.

Thank you.
