RE: Coronavirus – Additional Services Ready to Bill

Providers,

We appreciate your patience over the past several weeks as we looked for ways to increase members' access to telemedicine and to help you continue to provide quality services to our members during this unprecedented time.

To mitigate the spread of COVID-19, Empower is committed to enabling members to remain in their homes to reduce exposure and transmission, and to preserve our network's capacity for the duration of this public health emergency consistent with Arkansas Division of Medical Services (DMS) mandates.

Providers can now bill Empower for the following services:

Telemedicine Marital and Family Behavioral Health Counseling
